**I dig their burger packaging, as an engineer, so bear with me while I geek out about it. It basically lets you hold the burger with the wrapping but stops it dripping onto you! It basically opens up on one side, leaving a half-dome surrounding the burger.**

**Why can't other places do this?**

Amazing burgers, very creatively made **and perfectly packaged so you can eat them without it slopping all over everything.**

**Love the way they wrap their burgers !**

Great burgers. **They come in these neat little wrappings, that make eating on the go very easy.**

[http://www.yelp.ca/biz/tasty-burger-cambridge?hrid=4cxLfXDbkC4KQVR4eBJ-1w&utm\\_campaign=www\\_review\\_share\\_popup&utm\\_medium=copy\\_link&utm\\_source=\(direct\)](http://www.yelp.ca/biz/tasty-burger-cambridge?hrid=4cxLfXDbkC4KQVR4eBJ-1w&utm_campaign=www_review_share_popup&utm_medium=copy_link&utm_source=(direct))

The burger itself was tasty going down, **and I liked the paper cap that it was wrapped in.**  
[http://www.yelp.ca/biz/tasty-burger-cambridge?hrid=X6e899EG5otuHe-lMr\\_zEA&utm\\_campaign=www\\_review\\_share\\_popup&utm\\_medium=copy\\_link&utm\\_source=\(direct\)](http://www.yelp.ca/biz/tasty-burger-cambridge?hrid=X6e899EG5otuHe-lMr_zEA&utm_campaign=www_review_share_popup&utm_medium=copy_link&utm_source=(direct))

The burger was fresh **and I like how the budget is wrapped in paper because it allows you to easily expose a larger angle burger segment - useful if you're eating on the go.**

**Also, they have this awesome way of wrapping your burger so that it's all snugly situated and won't fall apart when opening** - remember to take the white flap out first and you should be good!

Ziggy burger delivery was quick and the food was still warm when delivered **and the package was great.**

**The food was served in this funky compostable packaging that fit the burgers like a glove.**

**I liked the way they wrapped the burgers, so you only have to unwrap one side at a time and the other side is folded and tucked tight.**

I was surprised by how they **wrapped the burger, cool idea** however and **makes for eating the burger less messy.**

**I like how the wrapping** paper tears apart as you eat the burger, which is quite **convenient.**

**10/10 packaged in a cute parchment paper to retain the hot and steamy deliciousness that awaits it's carnage.** As I unwrap to reveal a promising burger, I need to remind myself to calm down before tearing this whole burger down, kind of the way a man reacts to his hot girlfriend in underwear.
